

Phil Swetsky

Phil is a father of three beautiful children, and husband to Tami. He and Tami made Wildwood their full time home in 2006. They started CPS Marine & Mobile Shrink Wrap Service in 2007, offering a range of services from boat brokerage, storage, mechanical and mobile shrink wrapping. In the last five years, their company has grown to one of the largest, if not the largest Mobile Shrink Wrap company in Cape May County.

Phil sees potential in Wildwood. He serves as Vice Chair of the Planning & Zoning board and has done so since 2020.

He is excited about the opportunity to serve Wildwood on a much larger scale and to Move Wildwood Forward to its full potential!
